Re: Applications of T-Mobile US, Inc. and Sprint Corporation, WT Docket No. 18-197

Dear Ms. Dortch,

I live in rural Utah, and T-Mobile is my current wireless service provider. I am also a small business owner/entrepreneur, and I am the founder of the Puppies for Hearts program.

In June, I sent the attached letter to my U.S. Senators, letting them know how the merger between T-Mobile and Sprint directly impacts me.

I believe that the merger will cause AT&T and Verizon to step up their efforts at 5G network deployment, and this will benefit all consumers. The rural parts of our country have long needed improvements to cell phone services, broadband access, and better signal quality. This merger will not only get us on the path to changing that situation for the better, but T-Mobile has also stated it will be opening new call centers to serve rural communities like mine.

For the improved services, a 5G network, and the potential for jobs in rural communities, I support the merger.

Sincerely,

/s/ Jimie Guzman

Regarding T-Mobile-Sprint Merger And Upcoming Senate Judiciary Subcommittee On Antitrust,
Competition Policy And Consumer Rights Hearing

Dear Chairman Lee & Senator Hatch,

I am encouraged by the recently announced T-Mobile and Sprint merger. This issue directly impacts me because my family and I live in Erda Utah and T-Mobile is currently my service provider. The new T-Mobile will bring much-needed improvements to cell phone services like increased broadband coverage, improved signal quality, and increased network capacity for rural Utah communities like Erda.

In addition, new T-Mobile's commitment will force Verizon and AT&T to accelerate their 5G network deployment to the benefit of all consumers, especially those in rural regions. This improved service will be accompanied by enhanced customer service through 600 new stores and up to five call centers located to serve rural areas and small towns like Erda.

I encourage you to work with other Utah leaders to ensure this merger is approved so we can all be the beneficiaries!

Sincerely,

A handwritten signature in black ink, appearing to read 'Jimie Guzman', with a stylized, cursive flourish at the end.
